

1 MAKE CONTENT (iPad Camera)

1. Make a Film or Animation

(Anything that puts a video into your camera roll)

2. Play and Pause video

3. Drag play marker to first frame for poster

4. Take Screenshot of first frame

2 MAKE TRIGGER POSTER (Pages)

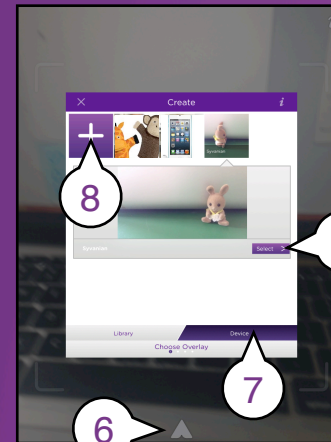

5. Make poster in Pages to print out for the classroom wall that will trigger the video

Guide produced by @iPadWells more at iPad4schools.org

3 STEP 3: MAKE AURA (Video Poster) (Aurasma)

- 6. Click Aurasma logo to start.
- 7. Click Device
- 8. Click + and select video from photo album
- 9. Select
- 10. Point camera at Poster - Green means unique enough
- 11. Take trigger shot
- 12. Resize video to match Photo
- 13. Name Aura
- 14. Public
- 15. Add to channel (This might be a course or class name)
- 16. Finish & upload
- 17. To see the Auras, students can now search for and "Follow" the channel
